“I have a Dream”

This week, students will learn more about who was Martin Luther King and the things he did to fight for equal rights for all people. Following Dr. King’s famous 1963 speech at the “Civil Rights March” in Washington, students will also write their own “I Have a Dream” paragraph about what changes they’d like to see in the world today.

ART APPRECIATION

This year, during “Art Appreciation” time each week, the students learn about lines, shapes, colors, techniques, perspectives, and other concepts. We also explore art styles from art masters and then create our own art using those styles. Studies have shown that involvement in the arts is associated with gains in math, reading, cognitive ability, critical thinking, and verbal skills. Art learning can also improve motivation, concentration, confidence, and teamwork. Finally, drawing, painting, and creating arts can be a relaxing, non-pressure activity that refreshes the mind.

Here’s our art schedule for the rest of the year.

- Lunar New Year
- Kindness Rocks
- 1-Point Perspective
- Cinco de Mayo
- 2-Point Perspective
- Mother’s Day

Thank you, parents for your support in all our learning efforts.

Accelerated Reader

Please continue to encourage your child to read everyday at home for at least **20 minutes** to achieve their AR goals for the 2nd Trimester! Thank you.
