"Escape from Mr. Lemoncello's Library" Literature Study

"Escape from Mr. Lemoncello's Library" is our 2nd Trimester Literature Study Book. We read a few chapters each week, answer comprehension questions,

and take quizzes about what's happening in the book. When the book is done, The students will be divided into 6 teams for our own challenge: "Escape from Room B1!"

Chemical Reactions

We've been learning about chemical reactions and how two reactants mixed together to create a new product. At the end of the unit, we will put that knowledge to the test by doing a chemical reaction experiment. The students will mix Citric Acid and Sodium Bicarbonate together to create Sodium Citrate, which in turn releases Carbon Dioxide.

Sounds complicated, but it's a lot of fun! 😊

Class Activities on our Class Website!

<https://OurClass.us>

Use your desktops, laptops, tablets or smart phones to log into our class website and see classroom's activities, information and pictures. Our class photographers have taken many pictures of class projects, STEAM activities, art works, presentations, talent show, and even the winter carnival.

There are a lot of pictures on our website to keep a record and hold memories of our wonderful 5th grade year!!! Please check it out.

Accelerated Reader

Please continue to encourage your child to read everyday at home for **20-30 minutes** to achieve their AR goals for the 2nd Trimester!
Thank you.
