Interim Assessments

For the next two weeks, Fifth grade students will be taking the CAASPP Math & ELA Interim Assessments. **These assessments are check tools that measure what students know and can do using the Common Core State Standards for ELA and Math.** This will also help teachers to see what standards and concepts that need to be taught or reviewed before the state test in April.

PLEASE encourage your child to try their best and have your child in class every day.

Thank you for your support.

SUPPORT 100% ATTENDANCE

Attendance is VERY important to a good education. While some kinds of absences are unavoidable (sickness, injuries...), but taking students out of school unnecessarily is disruptive for learning. Please schedule appointments after school if possible.

*“I have
a Dream”*

This week, students will learn more about who was Martin Luther King and the things he did to fight for equal rights for all people. Following Dr. King’s famous 1963 speech at the “Civil Rights March” in Washington, students will also write their own “I Have a Dream” paragraph about what changes they’d like to see in the world today.

Accelerated Reader

*Please continue to encourage your child to read everyday at home for at least **30 minutes** to achieve their AR goals for the 2nd Trimester!
Thank you.*
