i-Ready Pathways Reading & Math

Rio Calaveras school is using *i-Ready Reading and Math* for skills improvement. While there are times set aside in class for students to practice i-Ready, it's also **assigned for home practice**. The pathways offer personalized learning paths that target skills through practice, exercises, instructional videos, and quizzes to fill students' learning gaps.

- **Students are assigned 60 minutes per week in each subject. 40 minutes in class, 20 minutes at home.**
- **2 passed lessons in Math, 3 in Reading per week.**
- **Absences: 20 minutes per day in each subject.**
Thank you for your support.

ART Appreciation

This year, during "Art Appreciation" time each week, the students learn about lines, shapes, colors, techniques, perspectives, and other concepts. We also explore art styles

from art masters and then create our own art using those styles. Studies have shown that involvement in the arts is associated with gains in math, reading, cognitive ability, critical thinking, and verbal skills. Art learning can also improve motivation, concentration, confidence, and teamwork. Finally, drawing, painting, and creating arts can be a relaxing, non-pressure activity that refreshes the mind.

We studied the elements of art. We did line drawing, used tempera paint, oil pastels and watercolor. We also folded origami, rolled marbles, made lanterns, cut papel picado, snow, and even painted on wood.

Here's our art schedule for the rest of the year.

- Lunar New Year
- Perspectives
- Digital Art
- Kindness Rocks
- Cinco de Mayo crafts
- Mother's Day art

Thank you, parents, for your support
in all our learning efforts.

Accelerated Reader

Please continue to encourage your child to read everyday at home for **20-30 minutes** to achieve their AR goals for the 2nd Trimester!
Thank you.
